Supplemental Figure 8

Expressed genes with known functions
- With LND regions in promoters: 19.0%
- Without LND regions in promoters: 81.0%

Expressed genes with unknown functions
- With LND regions in promoters: 16.1%
- Without LND regions in promoters: 83.9%

Computationally predicted but not expressed genes
- With LND regions in promoters: 3.6%
- Without LND regions in promoters: 98.6%

Pseudogenes
- With LND regions in promoters: 1.4%
- Without LND regions in promoters: 96.4%
