Average Uncomm. cell population (a.u.)

Average Comm. cell population (a.u.)

Power law with exponent 1.00

Power law with exponent 0.07

Power law with exponent 1.14

Power law with exponent 0.06

System 2

System 3

System 4

ODE simulation

population size with deterministic simulations

population density with stochastic simulations

Average Uncomm. cell population density

Average Comm. cell population density
