Figure S8

![Diagram showing relative LUC mRNA levels and relative LUC activity across different samples.

- **A**: Bar chart showing relative LUC mRNA levels with error bars.
- **B**: Bar chart showing relative LUC expression and activity for various samples labeled pLUC, pLUC-Ld, pLUC-Li, pLUC-Lm, pLUC-Lt, pLUC-Lp.
- **C**: Western blot images showing Luciferase (64 kDa) and α-Tubulin (55 kDa).]
