**RE: CHANGES IN PROTOCOL DOCKET 13938**

Dear Dr. Nwosu

The Committee for the Protection of Human Subjects in Research has approved the changes in your protocol entitled: Glycemic Control in Children and Adolescents with Double Diabetes: Trial of Optimized Insulin-Metformin Regimen

The changes requested are as follows:

Change subject population from 10~18 years to 10~20 years.

The revised consent form & new adult consent form, which you have submitted is satisfactory and approved copies, are enclosed.

**Please Note: Amendments that alter any of the drugs used in this research study must be forwarded to Lucie LaJeunesse, the research pharmacist.**

Thank you for your cooperation with the Committee.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael Centola'.

Michael Centola MHS, CIP  
Manager, Institutional Review Board
