

Table S2. Areas and changes in area of annual and perennial crops and total cropland, based on both crop data and land data, for the period 1999–2008, for 128 tropical countries. Increments are based on linear regression, and all areas are in km². Countries are ordered by annual increment in total cropland. "NA" = not available.

#	Country	Annual crops			Perennial crops			Total cropland	
		land data		crop data	land data		crop data	land data	
		2008 area	annual increment	annual increment	2008 area	annual increment	annual increment	2008 area	annual increment
