

S1 File: Supporting information Figures

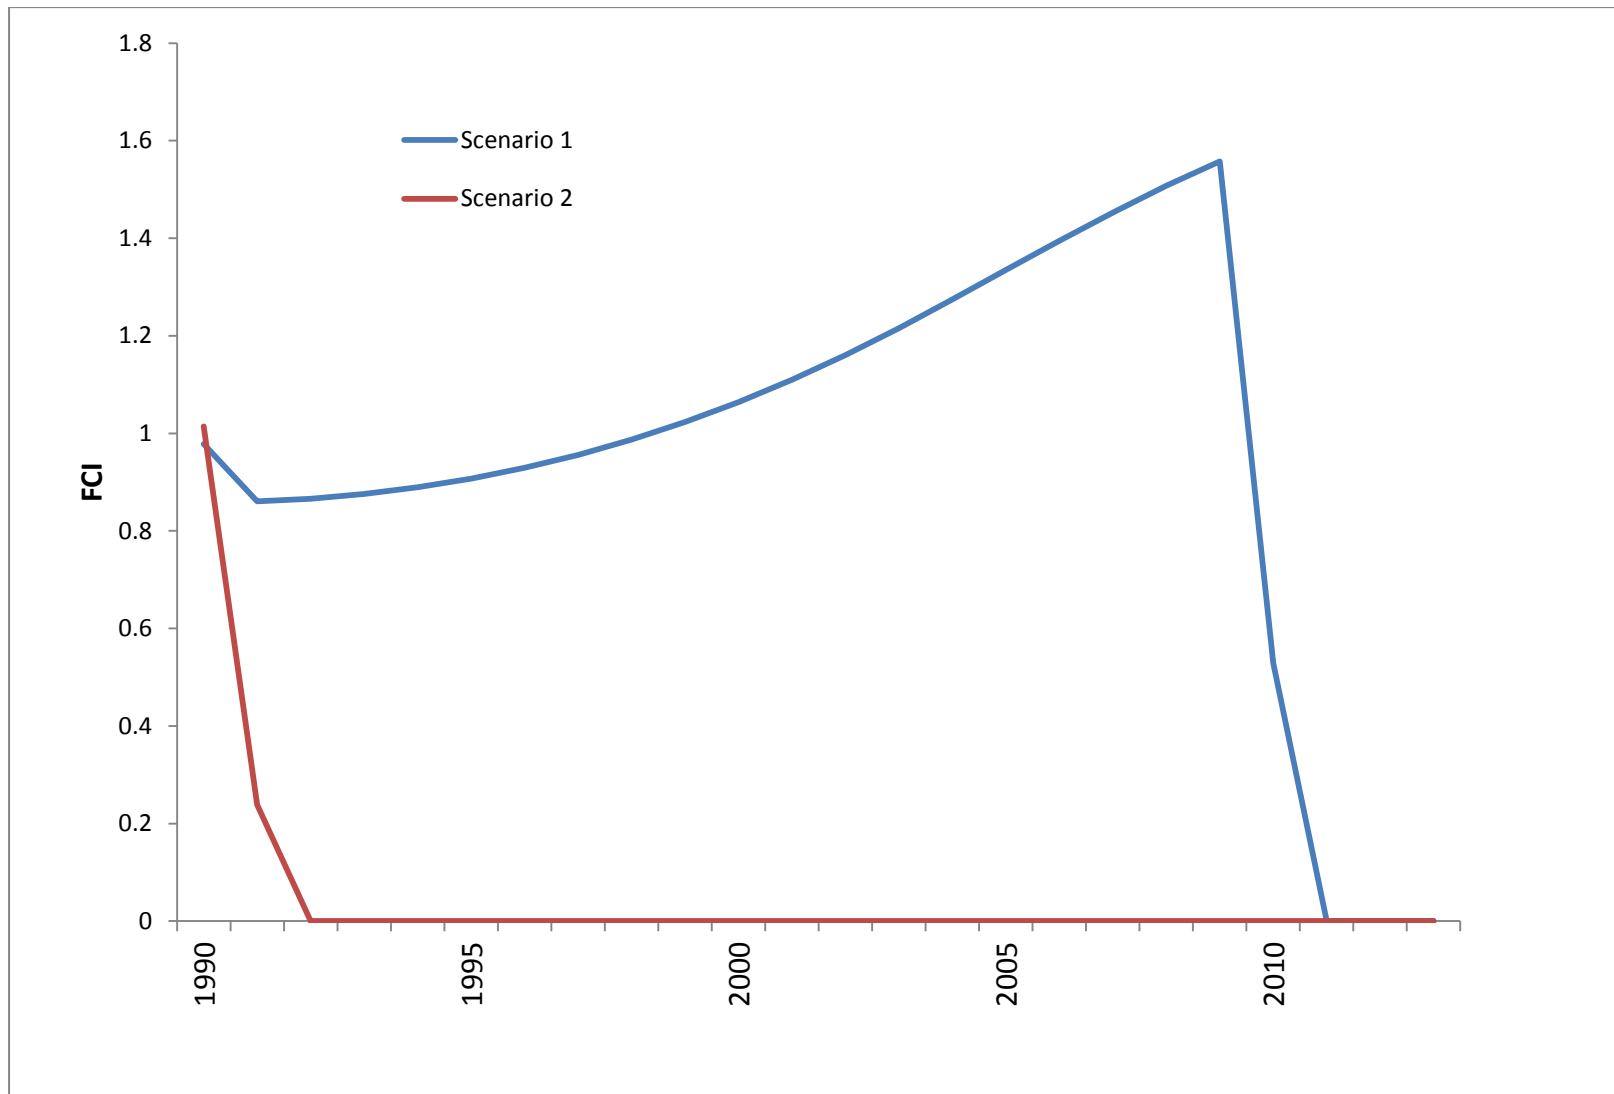

**Fig A:** Prawn catch, effort and discards from prawn trawling in Moreton Bay.

Data from Qfish database and the discards are estimated from prawn catches as by-catch data was not recorded.

**Fig B:** Changes in the proportions of the prey in the diet of dolphins from 1990 to 2013  
 Solid lines – Scenario 1 and dotted lines- Scenario 2

**Fig C:** Changes in Finn's Cycling Index (FCI) for the two Scenarios from 1990 to 2013
