## **Probes**

**Question 1.** You have **XX** MNP sachets remaining. Explain how easy or difficult it was to use the MNP product on a daily basis for your child 6 – 23 months? (Circle one answer)

**Very Difficult**

**Difficult**

**(Easy)**

**Very Easy**

**Question 2.** Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis? The only challenge was that I don't usually know what to do with the left over kunu mixed with the mnp.....whether to throw it away or keep it and give the child later on?

**Question 3.** Describe specific aspects of the MNP product that you or your child enjoyed that made it easier to use on a daily basis?

MNP is improving my child health because he is eaten food more than before.

**Question 4.** What questions do you have about the MNP based on your experience using it?

**Is it only in kunu can this mnp be mixed?**

**Question 5.** What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

MNP is a good because my child can now eat food not like before then he only suck breast and milk.
