## **Probes**

**Question 1.** You have **XX** MNP sachets remaining. Explain how easy or difficult it was to use the MNP product on a daily basis for your child 6 – 23 months? (Circle one answer)

**Very Difficult**

**Difficult**

**Easy**

**Very Easy**

**Question 2.** Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis?

There is no challenge in using it everyday

**Question 3.** Describe specific aspects of the MNP product that you or your child enjoyed that made it easier to use on a daily basis?

The colour it gives makes it quite easier because the girl likes the colour (light yellow)

**Question 4.** What questions do you have about the MNP based on your experience using it?

If one delays the administering of the MNP that is if one supposes to give it in the morning but delayed till evening, does it have any negative effect?

**Question 5.** What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

It will be more appropriate to administer it in the morning since that is when most children take kunu
