Question 2. Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis?

The girl doesn't like it because whenever I add it to her kunu, I have to force feed her and as such I don't get to give her.

Question 3. Describe specific aspects of the MNP product that you or your child enjoyed that made it easier to use on a daily basis?

Question 4. What questions do you have about the MNP based on your experience using it?

Can I add it to tuwo or rice? I say this because I don't like force feeding her.

Question 5. What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

The female caregivers should get free education on the MNP and this should be free.
