$$\underline{\quad 35/35 \quad} = \underline{\quad 100 \quad} \%$$

Note

## The mother said she was given MNP on the 17<sup>th</sup> of June

### Probes

**Question 1.** You have **XX** MNP sachets remaining. Explain how easy or difficult it was to use the MNP product on a daily basis for your child 6 – 23 months? (Circle one answer)

**Very Difficult**

**Difficult**

**Easy**

**Very Easy**

**Question 2.** Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis?

Some days my child rejects the kunu mixed with the product so what I do is to force her to eat it. That is the only difficulties I encountered. But other days .she agrees to take the kunu without any problem

### **Question 3**

Pouring the MNP content into kunu and mixing it until it blends well is what I enjoy the most and my child does not throw up after I feed her with the product.

**Question 4.** What questions do you have about the MNP based on your experience using it?

I want to know if it is the product that makes my child to have a black diarrhea .after using this product for a week so, I start monitoring that from child

**Question 5.** What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

I would like the federal ministry of health to bring a product to unseal daily and a larger packet. my recommendations are just these two I have mentioned another thing is fine.
