## Probes

**Question 1.** You have **XX** MNP sachets remaining. Explain how easy or difficult it was to use the MNP product on a daily basis for your child 6 – 23 months? (Circle one answer)

**Very Difficult**

**Difficult**

**Easy**

**Very Easy**

**Question 2.** Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis?

The only challenge is that the girl noticed that I usually remove a small portion of kunu and mix with MNP, and she started refusing it, so I have to change the food

**Question 3.** Describe specific aspects of the MNP product that you or your child enjoyed that made it easier to use on a daily basis?

The child has become healthier and eats a lot now, she was suffering from eye problem but it has stopped since I started giving her the product. She is strong now

**Question 4.** What questions do you have about the MNP based on your experience using it?

**What other food can I add it too, since she is refusing the kunu?**

**Question 5.** What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

I like it and wish other children will be give too, free of charge and enough quantity.
