Probes

Question 1. You have **XX** MNP sachets remaining. Explain how easy or difficult it was to use the MNP product on a daily basis for your child 6 – 23 months? (Circle one answer)

Very Difficult

Difficult

Easy

Very Easy

Question 2. Describe any specific challenges that you faced that made the MNP difficult to use on a daily basis?

I have to use razor blade to tear off the sachet. At first he drank the kunu mixed with the MNP but these days, I have to forcefully feed him. He had diarrhoea which made him lose weight.

Question 3. Describe specific aspects of the MNP product that you or your child enjoyed that made it easier to use on a daily basis?

He has increased appetite.

He eats more food now.

His breastfeeding though has not changed.

He drinks more kunu now.

He has not had fever since I started giving him MNP

Question 4. What questions do you have about the MNP based on your experience using it?

1. After this 60 days, when next are we getting the MNP?
2. Are we going to get the same MNP or will it be changed to something else?
3. Will it help our children after we wean them from breast milk?

Question 5. What specific recommendations do you have that we can do as a program to make the MNP easier to use on a daily basis?

- By making the sachet easier to tear off.
