[S2 Fig.](#) is a duplicate of Fig. 2. The authors have provided the correct version of [S2 Fig.](#) which can be viewed below.

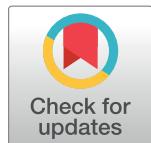

Supporting information

S2 Fig. Gene annotation. (A) Annotation Edit Distance (AED) distribution of gene models in the first annotation set after eliminating entries with AED = 1. (B) AED distribution of gene models in the second annotation after eliminating entries with AED = 1. (C) Proportion of gene models with protein domain hits in different heterokonts (abbreviated as indicated in Materials and Methods).
