S1 Figure: A schematic overview of the study design by study site

A Myanmar MDA at M0, M1, M2 and M9, M10, M11 follow up period 24 months (survey M21 cancelled)

Mass drug administration in
Intervention villages

DHA/PIP/SLD PQ

Mass drug administration in
Control villages

DHA/PIP/SLD PQ

B Vietnam MDA at M0, M1, M2 and M12, M13, M14 follow up period 24 months

Mass drug administration in
Intervention villages

DHA/PIP/SLD PQ

Mass drug administration in
Control villages

DHA/PIP/SLD PQ

C Cambodia and Laos MDA at M0, M1, M2 and M12, follow up period 12 months.

Mass drug administration in
Intervention villages

DHA/PIP/SLD PQ*

Mass drug administration in
Control villages

DHA/PIP/SLD PQ*

*Single low dose primaquine (SLD PQ) was not administered in Cambodia
