

EDITORIAL NOTE

Editorial Note: A Meta-Analysis of Studies of Treatments for Feline Urine Spraying

The *PLOS One* Editors

The *PLOS One* Editors have identified concerns about this article's [1] peer review. In light of this issue, readers are advised to interpret the article [1] with caution. We regret that this was not addressed prior to the article's publication.

The Editors have no evidence of any author involvement in the peer review concerns.
