Correction

Correction: Correction: Single Nucleotide Polymorphisms Reveal Genetic Structuring of the Carpathian Newt and Provide Evidence of Interspecific Gene Flow in the Nuclear Genome

The *PLOS ONE* Staff

File S2 is a duplicate of File S1, the originally published, uncorrected article. The publisher apologizes for the error. Please view the correct File S2 – the republished, corrected article – below.

Supporting Information

File S2. Republished, corrected article.
