Correction: An Analysis of Predator Selection to Affect Aposematic Coloration in a Poison Frog Species

The PLOS ONE Staff

The email address for the first author, Corinna E. Dreher, is incorrect. The correct email address is: corinnadreher@gmail.com. The publisher apologizes for this error.

[Fig 4](#) is incorrect. The authors have provided a corrected version here.

Fig 4. Correlation between dorsal overall conspicuousness of local frogs for avian eyes and avian predation on clay frogs across frog populations. The correlation is highly significant (r = Spearman rank correlation coefficient).
