CORRECTION

Correction: Selection on the Colombian paso horse's gaits has produced kinematic differences partly explained by the *DMRT3* gene

Miguel Novoa-Bravo, Kim Jäderkvist Fegraeus, Marie Rhodin, Eric Strand, Luis Fernando García, Gabriella Lindgren

The penultimate sentence of the second paragraph of the Introduction is incorrect. The correct sentence is: For each competition, the horses are separated by horse group (CPF, CTR, CTRG or CTG), sex and age (three categories: 36–48 months, 48–60 months, and more than 60 months), and evaluated by three judges.

[S3 Video](#) is incorrect. Please see the correct video here.
