CORRECTION

Correction: A Unified Framework for Association Analysis with Multiple Related Phenotypes

Matthew Stephens

In the Specifying p_γ subsection of the Methods, there is an error in Equation (4). Please view the complete, correct equation here:

$$p_\gamma(Y|\mathbf{g}) = p_0(Y_U)p_1(Y_D|Y_U,\mathbf{g})p_0(Y_I|Y_U,Y_D).$$

In the Multivariate normal phenotypes subsection of the Methods, there is also an error in Equation (26). Please view the complete, correct equation here:

$$Y_D|\mu,\alpha,V,\beta = \mu + Y_U\alpha + \mathbf{g}\beta + E$$
