Figure S2.

A. Correlation of RF measurements (Bead based and ELISA assay)

Spearman’s Rho = 0.927
p < 0.0001

B. Correlation of RF measurements for different peptides

- **Cit-Fibrinogen peptide**
  - Spearman’s Rho = 0.897
  - p < 0.0001

- **Arg-Fibrinogen peptide**
  - Spearman’s Rho = 0.417
  - p = 0.006

- **Cit-Filaggrin peptide**
  - Spearman’s Rho = 0.769
  - p < 0.0001

- **Arg-Filaggrin peptide**
  - Spearman’s Rho = 0.339
  - p = 0.031

**ELISA:** anti-human IgG (OD 450nm)

**Bead array:** anti-human IgG MFI [AU]
