Supporting material S3. Distribution of site percentages.
Horizontal axis shows percentage of sites from a given category from all sites found in the genome. Vertical axis shows number of such genomes.

Sites percentage distributions
- No promoter info 3.5 < 5.0 mean = 96.67 SD = 8.6
- No promoter info > 5.0 mean = 3.33 SD = 8.6
- With promoter info 3.5 < 5.0 mean = 1.48 SD = 2.62
- With promoter info > 5.0 mean = 1.81 SD = 4.42
