Adeniran, A. S., Bolaji, B. O., Fawole, A. A. and Oyejide, O. O.

Predictors of maternal mortality among critically ill obstetric patients
Malawi Medical Journal 2015 No Performance of Models Reported

Ahmed, N. K., A.M.,hakki, M., Mahmoud, S., Amu, O.,

Maternal near-miss in a UK district hospital: 5 year review of critical care admissions

Ashraf, N., Mishra, S., K., Kundra, P., Veena, P., Soundararghavan, S., Hab eeullah, S.,

Obstetric patients requiring intensive care: A one year retrospective study in a tertiary care institute in India
Anesthesiology Research and Practice 2014 No Performance of Models Reported

Development of a comorbidity index for use in obstetric patients
Obstetrics and gynecology 2013 No models investigated or comorbidity indexes

Bhadade, R., DeSouza, R., More, A., Harde, M.

Maternal outcomes in critically ill obstetrics patients: A unique challenge
Indian Journal of Critical Care Medicine 2012 No Performance of Models Reported

Bhagwanjee, S., Paruk, F., Moodley, J., Muckart, D. J.

Intensive care unit morbidity and mortality from eclampsia: an evaluation of the Acute Physiology and Chronic Health Evaluation II score and the Glasgow Coma Scale score
Critical care medicine 2000 Specific disease

Obstetric patients treated in intensive care units and maternal mortality. Regional Teams for the Survey

Crozier, T. M., Wallace, E. M.

Obstetric admissions to an integrated general intensive care unit in a quaternary maternity facility
Australian & New Zealand Journal of Obstetrics & Gynaecology 2011 No Performance of Models Reported

Czechowski, M., Duda, J., Gronksa, E.,

Critical care management and outcomes of obstetrics patients in intensive care unit
Intensive care medicine 2011 Conference abstract

Outcome and level of intervention of critically ill obstetric patients from the public health sector vs. the private health sector: Prospective cohort
American Journal of Respiratory and Critical Care Medicine 2011 Conference abstract

Demirkiran, O., Dikmen, Y., Utku, T., Urkmez, S.,

Critically ill obstetric patients in the intensive care unit
International Journal of Obstetric Anesthesia 2003 No Performance of Models Reported

Dennis, A. T., Chambers, E.,

Maternal morbidity: An analysis of high dependency unit care in pregnant or recently pregnant women
International Journal of Obstetric Anesthesia 2016 Conference abstract

Vital Sign Prediction of Adverse Maternal Outcomes in Women with Hypovolemic Shock: The Role of Shock Index
PLOS ONE 2016 Specific disease

Vital sign prediction of adverse maternal outcomes in women with hypovolemic shock: The role of shock index
PLOS ONE 2015 Specific disease

Eppes, C. S., Schupp, J. and Dildy, G.

Shock index: A potential criterion for a maternal early warning system
American Journal of Obstetrics and Gynecology 2016 Conference abstract

Friedman, A. M.

Maternal Early Warning Systems
Obstet Gynecol Clin N Am 2015 Review

The continuum of maternal morbidity and mortality: Factors associated with severity
American Journal of Obstetrics and Gynecology 2004 Models not for predicting mortality

Geller, S. E.; Rosenberg, D.; Cox, S. M.; Brown, M. L.; Kilpatrick, S. J.

A scoring system identified near-miss maternal morbidity during pregnancy
Journal of clinical epidemiology 2004 Models not for predicting mortality

Gopal, G.; Gatongi, D. K.; Kamat, A.; Nicoll, A.

Maternal intensive care unit (ICU) admissions in obstetrics: Indications and outcome
Journal of Obstetrics and Gynaecology 2010 Conference abstract

Vital Sign Prediction of Adverse Maternal Outcomes in Women with Hypovolemic Shock: The Role of Shock Index
PLOS ONE 2016 Specific disease
Guleria, K; Jain, S; Ahuja, S; Suneja, A; Vaid, N. B. Sequential organ failure assessment score for evaluating outcome in obstetric cases admitted to intensive care unit BIOG: An International Journal of Obstetrics and Gynaecology 2014 Conference abstract

Khan, M. S.; Sultana, T. Is delayed ICU referral associated with adverse maternal outcome? A study at tertiary level hospital in India International Journal of Gynecology and Obstetrics 2012 Conference abstract

Lam, G.K. Obesity and the Critical Care Pregnant Patient Obstetrics and gynecology clinics of North America 2016 Review
