PART 4: PHYSICAL ACTIVITY

We are interested in finding out about the kinds of physical activities that people do as part of their everyday lives. The questions will ask you about the time you spent being physically active in the last 7 days. Please answer each question even if you do not consider yourself to be an active person. Please think about the activities you do at work, as part of your house and yard work, to get from place to place, and in your spare time for recreation, exercise or sport.

Think about all the vigorous activities that you did in the last 7 days. Vigorous physical activities refer to activities that take hard physical effort and make you breathe much harder than normal. Think only about those physical activities that you did for at least 10 minutes at a time.

1. During the last 7 days, on how many days did you do vigorous physical activities like heavy lifting, digging, aerobics, or fast bicycling?
   - days per week
   □ No vigorous physical activities → Skip to question 3

2. How much time did you usually spend doing vigorous physical activities on one of those days?
   - minutes per day
   □ Don’t know/Not sure

Think about all the moderate activities that you did in the last 7 days. Moderate activities refer to activities that take moderate physical effort and make you breathe somewhat harder than normal. Think only about those physical activities that you did for at least 10 minutes at a time.

3. During the last 7 days, on how many days did you do moderate physical activities like carrying light loads, bicycling at a regular pace, or doubles tennis? Do not include walking.
   - days per week
   □ No moderate physical activities → Skip to question 5

4. How much time did you usually spend doing moderate physical activities on one of those days?
   - minutes per day
   □ Don’t know/Not sure

5. Think about the time you spent walking in the last 7 days. This includes at work and at home, walking to travel from place to place, and any other walking that you have done solely for recreation, sport, exercise, or leisure.
   - days per week
6. How much time did you usually spend walking on one of those days?

   _ minutes per day

   □ Don’t know/Not sure

7. The last question is about the time you spent sitting on weekdays during the last 7 days. Include time spent at work, at home, while doing course work and during leisure time. This may include time spent sitting at a desk, visiting friends, reading, or sitting or lying down to watch television.

CHOICETASK 1

Imagine that you are going to a park during the day on the weekend. The weather is ideal, it is not too warm, not too cold, there is no wind, and it is not raining. You will see two photographs of a park. Imagine that you know both parks and they are both close to your home. Please take your time to look at the photographs, and then select the park that is most inviting to visit.

In total, you will be presented with 10 tasks where you have to choose the park you prefer to visit. There is no right or wrong solution, we are just interested in what you consider to be the most important characteristics in a park.

CHOICETASK 2

Imagine that you are going to a park during the day on the weekend. The weather is ideal, it is not too warm, not too cold, there is no wind, and it is not raining. You will see two photographs of a park. Imagine that you know both parks and they are both close to your home. Please take your time to look at the photographs, and then select the park that was most inviting to be physically active. By physical activity we mean: “all activities except sitting and lying down, such as playing active games, walking the dog or sports such as soccer”.

After each choice task (where you chose the park they preferred for physical activity), you will be asked if you would also be actually active in that park.

In total, you will be presented with 10 tasks where you have to choose the park you prefer to visit. There is no right or wrong solution, we are just interested in what you consider to be the most important characteristics in a park.

23. Were the questions with the photos that you answered correctly applicable to you? You can note your comments here.
24. Do you have any comments about your own physical activity behavior and/or the photos/situations you have seen?
