Enrollment

Meeting inclusion criteria (n=34,003)
- First record of lung cancer
- Squamous cell or adenocarcinoma histology
- Year of diagnosis 2002-2016
- Age at diagnosis 20 years or older

Excluded (n=214)
- Histologically unverified (n=110)
- Missing birth date (n=102)

Total study population (n=33,790)

Analysis

Squamous cell carcinoma (n=10,325)

Adenocarcinoma (n=23,465)
