

Figure S2

Heatmap of miRNA expression in the livers of obese and/or irradiated C57BL/6J DIO mice. Unsupervised hierarchical clustering of 1157 mouse miRNAs (100% of known mouse miRNAs) was performed. *C*: control (mice No. 116, 117, 118) ; *HF*: HF diet (mice No. 106, 107, 108) ; *R*: irradiated (mice No. 111, 112, 113) ; *HFR*: HF diet, irradiated (mice No. 101, 102, 103).
