1 **S1 Table. Amount of video collected from a trained golden eagle outfitted with an**

2 **accelerometer.** Although video was collected in continuous segments at each site, the

3 bird was only in the frame ("visible" below) for a subset of the time the camera was

4 running. Bird was also perched on the trainer's hand ("handling") at times during

5 recording sessions. See Methods for details on accelerometry and video data collection.

6

Location	Time recorded	Time bird not visible	Total time bird visible	Total flying/sitting time (minus handling time)
Tehachapi cliff	0:13:44	0:07:03	0:06:41	0:05:18
Tehachapi ranch	0:01:46	0:00:00	0:01:46	0:01:05
Scrub	0:18:04	0:00:00	0:18:04	0:02:12
Mojave	0:29:35	0:25:45	0:03:50	0:06:35
Total	**1:03:09**		**0:30:21**	**0:15:10**
