ETHICS COMMITTEE ON INVESTIGATION (CEP)

APPROVAL
CAAE 30188014.7.0000.0075 / 626.279

Based on the *Ethics Committee on Investigation* members discussion, this Committee has **APPROVED** the investigation protocol “**Comparative evaluation of the anesthetic efficacy of articaine with epinephrine in inferior alveolar nerve block in patients with irreversible pulpitis of mandibular molar**” under responsibility of Isabel de Freitas Peixoto (Isabel Peixoto Tortamano).

Considering the current legislation, this Committee must receive annual reports with regard the on going results. Any amendment on the original Project must be presented to this CEP with clear identification of the changes.

São Paulo, May 3, 2018.
