

S1 Fig.

S1 Figure. Temporal and spatial variation in habitat complexity.

Habitat assessment score of the three sampling zones (zone A: red columns; zone B: blue columns; zone C: gray columns) in the Puerto Morelos reef lagoon in four sampling periods: June 2016 (J'16), November 2016 (N'16), June 2017 (J'17) and November 2017 (N'17). Error bars denote 95% confidence intervals. Different letters above bars denote significant differences.
